The Timothy Program International

Philosophy of Education

The Timothy Program Level One, Family Restoration, believes that God values family. God created the family in Adam and Eve. God rescued the family in the story of Noah and the Flood. The last prophecy of Malachi (4:6) indicates that the family will be restored before the coming of Messiah. He said the LORD, "Will turn the hearts of the fathers to their children, and the hearts of the children to their fathers."

Acts 3:20-21 says of God, "... and that he may send the Christ (Messiah), who has been appointed for you--even Jesus. He must remain in heaven until the time comes for God to restore everything, as he promised long ago through his holy prophets." It is time for the family to be restored.

The Timothy Program believes that the head of each household should be trained to become the priest in his/her own home. This task defines the function of a pastor, that is, the trainer of heads of households. The Timothy Program further believes that the home should be the center of a family's spiritual growth. In light of these two premises, the Timothy Program Level One materials are written to lead, inspire and help the head of each home to become what Christ intended--pastor of their own family.

When the head of a household is qualified to pastor his own family, Paul told Timothy (I Timothy 3:2-7) they are then qualified to prepare to pastor God's church:

"Now the overseer must be above reproach, the husband of but one wife, temperate, self-controlled, respectable, hospitable, able to teach, not given to much wine, not violent but gentle, not quarrelsome, not a lover of money. He must manage his own family well and see that his own children obey him with proper respect. (If anyone does not know how to manage his own family, how can he take care of God's church?) He must not be a recent convert, or he may become conceited and fall under the same judgment as the devil. He must have a good reputation with outsiders, so that he will not fall into disgrace and into the devil's trap."

For: Auditing

Auditing *The Timothy Program Level One* costs \$600.00 per quarter. Full payment must be made in advance. This \$600.00 payment includes the “student kit” which is all course materials, books, shipping and handling fees. For: Accreditation

Through Jubilee Christian College, Little Rock, Arkansas, The Timothy Program Level One curriculum is fully accredited with the Accrediting Commission International. Each quarter of The Timothy Program curriculum earns 10 accredited credit hours toward an Associate of Biblical Studies degree, and, upon completing all eight quarters, students have earned 80 credit hours of undergraduate biblical studies at JCC. Students may then earn an additional minimum of 40 core credit hours at \$70.00 per credit hour, plus books, at Jubilee Christian College and be awarded a Bachelor of Biblical Studies degree.

Firstly, each student must pay JCC a one-time, non-refundable \$60.00 D.O.E. registration fee. Secondly, the complete cost of tuition and books for each quarter of Level One curriculum (\$800.00 per quarter) must be paid as follows:

Each quarter: a \$350.00 tuition payment must be paid in advance (checks or cash only), and, made payable to: Jubilee Christian College. Payments must be mailed to: Jubilee Christian College, Pocahontas Campus, 2016 Dana Drive, Pocahontas, Arkansas 72455 U.S.A.– Telephone: (870) 892-1777. There are no refunds. The Timothy Program International

General Information:

1. All Scripture Quotations are from the New International Version unless otherwise noted.
2. Students are called "Head of Household" throughout the Timothy Program Level One.
3. The weekly lessons are designed in simple outline format. The curriculum is designed to teach students to "**think for themselves.**" They are presented from both the Old Testament and parallel New Testament passages. They are to be studied to: 1) pass an examination; 2) restudied and taught to the student's family; and, 3) restudied and taught to the student's ministry group. Teaching reinforces learning and involves the family and ministry group in the learning process. A better test for these lessons (according to I Timothy 3:4-5) is that the student begins to lead his/her family as the spiritual head of the home. The ultimate student goal is to establish the home as the center of his/her family's spiritual growth (Proverbs 4:1-4, Deuteronomy 6:4-9).
4. Additionally, for students seeking an accredited degree, the Timothy Program Level One requires the passing of a 100 question final exam (taken in the presence of a leader) for each of 8 quarters. Secondly, for each quarter, four assigned books must be read and a 2,500 word report must be written on each book. The report must indicate what new information the student learned from the author, changes in what the student knew before reading, agreed or disagreed with the author, how the new information will improve the student's presentations and the student's opinion about the quality of the book. Thirdly, after the final exam is taken and after the four books have been read and reported upon, the student must write a 2,500-5,000 word essay about what "the impact of the course information" was upon the student. This essay will clearly reveal the "added-value" of having studied in TPI.
5. Exams are available from the Headmaster of each country. Upon passing all eight exams of the Timothy Program Level One, reading and reporting on the thirty-two assigned books, and, presenting eight quarterly "added-value" essays, a student earns an Associate of Biblical Studies degree and may transfer 80 credit hours into Jubilee Christian College for a Bachelor of Biblical Studies degree.
6. Personal prayer, meditation, evangelism, missions, fellowship and ministry diaries are included with each 13-week curriculum. These diaries must be kept up to date and submitted with each quarterly exam in order for an exam grade to be given. These diaries are required to keep personal, spiritual integrity in the "distance-learning" nature of the Timothy Program.

7. For more information regarding the Timothy Program, write: Megan C. Brooks, Registrar, The Timothy Program, 8419 Pine Circle, Charlotte, NC 28215, U.S.A. The Timothy Program will promptly respond via E-mail or first-class mail. Included in the response will be your country's Headmaster's address. You must write to him requesting any further information.

8. All notes on CDs, forms, DVDs, CDs, exams, shipping and handling are included in the "turn-key" tuition price of \$800.00 per Quarter. Each completed Quarter earns 10 credit hours at Jubilee Christian College. This makes tuition and books \$80.00 per credit hour. There is no credit payment plan nor any refunds. An auditing student pays \$600.00 per Quarter for the "student kit" materials (above).

9. The Timothy Program materials have international copyrights. The Timothy Program requires written permission to duplicate these materials in any form (see #7 above).

10. Jubilee Christian College requires a \$60.00, one-time, non-refundable registration fee.

The Timothy Program **International**

Level One, Quarters One through Eight

Specific Information

The Timothy Program Level One curriculum integrates history, culture, geography and grammar in the study of God's Word. This is done to "contextualize" "concepts" to prevent students from interpreting the Bible within their own history, culture, geography and grammar. This allows the proper hermeneutic (science of biblical interpretation) to enable a student to "exegete" (let the Bible read its meaning "out") Bible passages rather than "isogete" (read one's own meaning "into" the Bible) Bible passages.

The curriculum is written in outline form. This enables the student to easily follow the lesson plan. This also enables the student to have an outline from which to teach his/her family, and, to teach the same lessons to a larger group.

The Timothy Program believes in and practices *The Seven Laws of Teaching* made clear by John Milton Gregory. The first three laws are particularly important. Firstly, the teacher must know the material to be taught. Secondly, the student must pay close attention to what is being taught. Thirdly, the language of both the teacher and student must be the same. That is why each of the thirteen lessons have two, one-half hour lessons in DVD format. These DVDs exactly follow the written notes. They have many graphics to assist the student. The DVDs satisfy Gregory's fourth law, "new information must be explained with terms the student already knows." The information in the DVDs is widely known and makes each lesson outline clear.

The Timothy Program has selected textbooks of high quality and written by reputable scholars. The textbooks may contain statements that the student has been told is "against" a particular group's belief. The Timothy Program believes that the ability to discern between what is biblical and what is human opinion is vital. Therefore, chosen textbooks may not always agree. The Timothy Program curriculum is designed to develop students who "think for themselves" as they are led by God's Holy Spirit.

The Timothy Program desires that the student develop a spiritual life along with receiving instruction. Therefore, personal diaries are required to be completed and submitted. These diaries are journals for prayer, meditation, evangelism, missions, fellowship and ministry. The Timothy Program believes that all who enter ministry should be as Ezra, "*For Ezra had devoted himself to the study and observation of the Law of the LORD, and to teaching its decrees and laws in Israel*" (Ezra 7:10). The key here is that Ezra "did" the

Word of God before he taught the Word of God. This is the desire of the Timothy Program curriculum. We want a student to *"Do your best to present yourself to God as one approved, a workman who does not need to be ashamed and who correctly handles the word of truth"* (II Timothy 2:15).

Each Timothy Program Quarter offers ten credit hours toward the required eighty credit hours to earn an Associate of Biblical Studies degree. One hundred and fifty actual "clock hours" of study are required per quarter. The following explains each quarter's requirements and how Clock Hours are assigned:

1. Study all pages of the notes and watch all twenty six, one half hour lessons on the thirteen DVDs. This prepares the student to take the one hundred question final exam. The format of the final exam number 1 is multiple choice. If the student chooses to take the alternative final exam number 2, its format is 90 multiple choice questions and 2 essay questions. The student must study Glossary terms, Historical Timelines, Culture information, Geography, Bible Memory Verses and Hebrew. Questions from all of these note pages will appear on the final exam. Clock Hours: 60

2. During the quarter, the student must teach the outlines twice—first to his/her family, secondly to a group. At the completion of teaching all thirteen lessons to his/her family, the student must have a family member complete the Spouse Verification Form. This form must accompany the completed final examination. Secondly, after each lesson is taught to a group, a person who heard the teaching must sign and date a completed Teaching Verification Form. These thirteen forms must also accompany the completed final examination. Clock Hours: 15

3. During the quarter, the student must read the four assigned books and write a minimum 2,500 word paper on each book. These pass/fail papers must have the correct Book Report Form attached to the front of each paper. They must be submitted and approved before the final exam may be taken. Clock Hours: 60

4. During the quarter, the student must complete as many Diary Pages as necessary. Each student must submit at least one page from each of the six different Diary Pages per quarter. These Diary pages must accompany the final examination. Clock Hours: 0

5. Following the completion of items 1, 2, 3, and 4 above, the student must complete a 2,500 word Value Added paper. No credit will be given without the completion of this paper. This paper is in the interest of the student and forms the basis of "what to look for," or, "how to study" in the future. It is advisable for each student to write down the benefit of having learned something new "as-it-is-discovered" during the entire quarter's

study time. This would include studying the notes, watching the DVDs and reading the required books. Clock Hours: 15

INTENT Firstly, the intent of the Timothy Program International curriculum is to teach Bible students how to discover important, life-changing truth from God's Word to become a "doer" of God's Word. Secondly, the intent of the TPI study requirements is to teach Bible students how to obtain useful information from the Bible and effectively teach it to others. TPI wants its graduates trained in accurate Bible study and interpretation. The TPI curriculum gives tools for students to be "equipped" to study, do, and teach God's Word. TPI prepares students to pursue a lifetime of study—not stop learning upon graduation. It is a curriculum for LIFE!

The Timothy Program, Level One, Family Restoration, takes seriously the Commission of Jesus Christ recorded in Matthew 28:18-20. Jesus said, "All authority in heaven and on earth has been given to me. Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely I will be with you always, to the very end of the age." It is the conviction of the Timothy Program that God's restoration of all things (Acts 3:21) has begun and includes restoring the family. Messianic prophecy recorded in Malachi says, "He will turn the hearts of the fathers to their children, and the hearts of the children to their fathers; ..." We are, therefore committed to raising up Heads of Households as Priests in their own home. It is in the home that learning to be pastors is accomplished. We also take seriously 1 Timothy 3:4 which says, "He (a pastor) must manage his own family well and see to it that his children obey him with proper respect. (If anyone does not know how to manage his own family, how can he take care of God's church?)"

Write a 2,500 Word Report on: "How I Gained Control Over My Finances"

The Timothy Program International believes that the Bible is its own best commentary. Students who reach Level One Quarter Three have been fully exposed to both Testaments—the Old Testament (more properly known as the *TaNak*); and, the New Testament (more properly known as the *B'Rith HaDesha*). There is nothing new in the entire Bible after Deuteronomy—just clarity. All theology is clearly mentioned in the first five books of the Bible (more properly known as the *Torah*).

Furthermore, the single message of the entire Bible is Jesus Christ (Yeshua Ha-Mashiach). Jesus said in John 5:39, "You diligently study the Scriptures because you think that by them you possess eternal life. These are the Scriptures that testify about me, yet you refuse to come to me to have life." Jesus is obviously the subject of, and, found in the *Torah* (Law), *Neveem* (Prophets) and *Ketoveem* (Writings). According to the Apostle Paul in I Corinthians 15:1-4, the Gospel (which saves) is found in the Scriptures (Old Testament). Paul found Christ's death, burial and resurrection in the Old Testament and wrote those discoveries (summarized) in his epistles (letters) that we call the New Testament. Peter told us how and why this was done in I Peter 1:10-12.

The exercise of writing a paper entitled "Who is Melchizedek," trains the student in the ability to use the Bible as its own commentary. It trains the student to "see" Jesus in the entire Bible. Enjoy this journey into discovering our LORD! He is the Messiah who came to redeem you ... blessed be He.
